VETERINARY CERTIFICATE

I,, being an official veterinarian of the New Zealand Ministry of Agriculture and Forestry do hereby certify with respect to the animals identified in the zoosanitary certificate that:

- 1 The animals were born and kept since birth in an “establishment” where no cases of haemorrhagic fever with renal syndrome, hantavirus pulmonary syndrome, leptospirosis, monkey pox, rabies, *Yersinia pestis* and tularemia was reported for at least 12 months prior to shipment.
- 2 The Japanese government have been informed of these “establishments” and they meet the required standards (see notes).
- 3 The animals were examined within 72 hours prior to the scheduled date of shipment and found to be clinically healthy and free from clinical signs of rabies and fit to travel.
